

Company Overview

Point Wild delivers scalable, flexible and user-friendly cybersecurity solutions. We aim to meet people where they are. Our best-in-class technology can empower individuals to protect themselves online, while also enabling businesses and partners to enhance their offerings, build trust and unlock new revenue in a world increasingly shaped by evolving digital threats.

Powering our protections is Lat61 by Point Wild built for scale, speed and adaptability. Lat61 is built upon more than two decades of experience protecting more than 25 million users. Constantly evolving to stay ahead of sophisticated threat actors, our technology powers our ecosystem of brands and products and is specifically designed to support diverse go-to-market strategies across consumer, SMB, and enterprise audiences.

Rising Cyber Threats

The global cybersecurity market is projected to reach \$345.4 billion by 2026.

Changing Regulatory Environment

GDPR and CCPA compliance requirements have increased the need for advanced cybersecurity measures.

Remote Work Rising

The shift to remote work has led to a 47% increase in cloud-based cybersecurity investments.
