

What is Point Wild?

Point Wild is a trusted global leader in online protection, empowering millions worldwide to navigate the digital landscape safely. Operating a robust portfolio of best-in-class security, privacy, and identity theft protection brands, Point Wild serves a diverse base of consumers, partners and enterprises, providing essential cybersecurity solutions to more than 25 million users around the world.

With an expanding portfolio, we're committed to providing straightforward, effective cybersecurity solutions for individuals, families and businesses of all sizes. Operating a focused growth and acquisition strategy, Point Wild will uphold its dedication to innovation and trust, delivering reliable security that millions worldwide can depend on.

Partner GTM & Brand

Point Wild's partner team helps businesses leverage security tools to boost customer retention, engagement and value.

Point Wild's partner business, called Pango, helps businesses unlock growth by providing online security tools that will increase customer retention, engagement and revenue. Pango partner solutions integrate seamlessly, enabling partners to choose the deployment method – whether it be white label, off the shelf or a hybrid – that fits the business needs.
